

IREM® Industry Partners

*Where quality service providers
build their commercial business.*

The Institute of Real Estate Management (IREM®) is an international community of real estate managers dedicated to ethical business practices, maximizing the value of investment real estate, and promoting superior management through education and information sharing.

An affiliate of the National Association of REALTORS, IREM® is the home for all industry professionals connected to real estate management – and the only organization serving both the multi-family and commercial sectors.

We believe:

- that good management matters
- that well-managed properties pay dividends in terms of value and in the quality of life for residents, tenants and customers
- in professional ethics
- in the power of knowledge and the importance of sharing it

**And we think our service providers
should believe it, too!**
